Care and Protection

Timeless beauty.

The sporty and elegant lines of the Ghibli are not afraid of time. To preserve the charm of this gem unaltered over the years, you just need to follow a few simple rules.

#### INDOOR CAR COVER

The Indoor Car Cover, specially designed for the Ghibli, highlights the elegant shapes of the car body, perfectly enveloping it. Tailor-made using a high-quality anti-laddering fabric in Maserati blue colour, the cover is enriched with light-grey piping and special details picking-up on the car look, such as the front radiator grille and the three side air vents. The "Ghibli" and "Maserati" logos add to the windscreen and boot area finishes.

#### OUTDOOR CAR COVER

The Outdoor Car Cover provides real protection to the Ghibli from dust, scratches and the effects of the weather. The use of high-performance fabric makes the cover waterproof, breathable and stretchable: this eliminates the wind effects, to provide a perfect fit under any conditions. The light-grey cover is branded with Maserati blue printed details: the characteristic radiator grille with the Trident in the centre, the "Ghibli" logo on the windscreen, the "Maserati" name written on the boot, and the three air vents on the sides.

#### PROTECTIVE FILM FOR LOADING EDGE

Designed to provide the best protection levels, the Protective Film for Loading Edge adds to the range of protective films available in the Accessories range, developed to preserve the rich and elegant bodywork of the vehicle in the best possible way. The protective film can be applied on the rear bumper to accurately protect the area that is most subject to scratches or damages caused when loading or unloading luggage pieces or objects from the luggage compartment. The shaped film is transparent, so that the colour of the bodywork is not altered, and does not get yellow over time. After removal, it does not leave any residues on the application surface.

#### SIDE PROTECTIVE FILM KIT

The Side Protective Film Kit comprises shaped films that perfectly protect the sides of the car body in those areas where impacts from gravel and other external agents are most likely to occur. The shaped films are made of transparent urethane: they do not alter the colour of the bodywork and do not get yellow over time. They are simple and quick to apply using a water-based solution, and do not leave any adhesive residue on the application surfaces after removal.

### BATTERY CHARGER & CONDITIONER

A compact and simple-to-use device, the Ghibli Battery Charger and Conditioner keeps the charge level of your car battery in optimal condition between 95 and 100% and, when required, charges it. The device does not need to be programmed: just connect the car battery to a standard power socket, and you may leave it connected for several months without any risk of damage to the vehicle.

### CAR CARE KIT

The high-quality materials that make up the Ghibli, from the interiors to the smart exterior details, require specific products to protect them in the best possible way. The Car Care Kit created for the Maserati sedan comes in a smart and practical transparent case with leather details. All the products are tested and approved by Maserati's laboratories and are part of the "Kyoto Friendly" line, making them a perfect balance between quality and respect for the environment.

The kit consists of the following products:

- Car Shampoo
- Insect Remover
- Tyre Black
- Wheel Rim Treatment
- Window Cleaner
- Plastic Cleaner
- Leather Cleaner and Reviver
- Delicate Fabric Detergent

## BRANDED FLOOR MATS

The Branded Floor Mats, tailor-made for the Ghibli, make the most of the car interiors. Available in a variety of colours to complement the leather upholstery, the mats are trimmed with an eco-leather edging in matching tone. The driver's floor mat is further enriched with a side insert where the car logo is finely embroidered. Special anchorage points keep the mats in place and make them easy to fit. The kit includes two front and two rear floor mats.

Colours available:

## ALL SEASONS FLOOR MATS

The All Seasons Floor Mats are made of black rubber and perfectly follow the shape of the car floor, providing the greatest protection against water, snow, mud or sand. The water-repellent surface allows the driver to safely and efficiently control the pedal board. The kit consists of two front and two rear floor mats, all equipped with a clip to properly fasten them to the vehicle mat and provide the greatest stability.

### TOUCH-UP PAINT STYLUS KIT\*

The Maserati Touch-up Paint Stylus is the ideal solution to touch up small scrapes, stone chips and scratches on the bodywork, and will help you maintain the exterior paintwork of the vehicle in perfect conditions. Each Touch-up Paint Stylus combines two products in one: the colour, to apply directly on the damaged part using the special brush, and the clear coat, to apply immediately after brushing the colour, that will preserve the brilliance of the paint (due to the characteristics of the different colours, in some cases the clear coat may not be included as it may not be required). To help ensure a perfect colour match, the Maserati Touch-up Paint Styluses are manufactured using the same equipment and formulations as for the paints of each new Maserati vehicle.

Transport and Loading Solutions

To show your own and exclusive style.

The full range of accessories will make each travel on-board the Ghibli exclusive and unique. Items capable of perfectly suiting the vehicle to different lifestyles and needs.

#### LUGGAGE COMPARTMENT FOLDABLE BOX

Characterised by a stylish Maserati design, this practical Foldable Box is the ideal solution for keeping small and medium-sized objects tidy, and to avoid losing anything inside the luggage compartment. The box can be easily secured using the Velcro strip on its base and rear, while when it has been folded it can also be used outside the car as a stylish and convenient briefcase with a front pocket to carry documents, a tablet, etc.

#### LUGGAGE COMPARTMENT MAT

A stylish and practical accessory to fully exploit the luggage compartment. The Luggage Compartment Mat comes in a waterproof, washable and highly resistant material. It perfectly follows the shape of the luggage compartment so as to exploit all of its space, and has finely trim finishes.

#### REVERSIBLE LUGGAGE COMPARTMENT MAT

One side in rubber and the other one in black carpet make the Luggage Compartment Mat versatile and suitable in any situation. It can be used on both sides, that you can choose depending on the different needs and occasions. Equipped with a comfortable handle on both sides, it can be easily raised and positioned in the luggage compartment. This mat is branded on both sides with a metal plate, hand-enamelled in black colour, bearing the Maserati logo.

#### LUGGAGE NET

The stability of the items loaded in the luggage compartment while travelling is fundamental for safe and relaxed driving. The Luggage Compartment Net is a simple and very effective accessory which, thanks to its double layer, enables even the smallest objects to be secured.

### SKI AND SNOWBOARD BAG

The Ski/Snowboard Bag allows the load capacity of the Ghibli to be fully exploited, since three pairs of skis, or a pair of skis and a snowboard may be easily and safely carried. The bag, which can be extended by 30 cm based on the user needs, is loaded through the luggage compartment and rests on the back of the rear seats, folded down for the purpose. The rear of the bag must be secured with the hook found in the luggage compartment, while its front part must be secured on the back of the rear seat by means of a sturdy strap. Made from black resistant nylon, the bag is finished with the Maserati logo printed in matching tones and the "Maserati" name written in contrasting grey.

Sport

Details with a sporty soul.

Certain details can further highlight the sporty features and the fine design of the Ghibli, always in tune with your personal style.

#### SPORT PEDALS\*

Made of brushed steel, the Sports Pedal Board for the Ghibli has been developed for those customers who wish to characterise their vehicle interiors with a dynamic look. The pedals and the footrests in brushed steel with special rubber inserts provide the driver with excellent grip, whereas the oval Maserati logo strongly customises their surfaces.

Comfort and Communication

## Helping your Relax.

Maserati Ghibli accompanies you on a discovery of new horizons: specially designed accessories will allow you to enjoy your communication and entertainment devices in total relax, and to increase the comfort of any little ones travelling with you.

## PUSHCHAIR

The Maserati-Peg Pérego pushchair, complete and compact, is compatible with Group 0+ Child Seats: thanks to two latches underneath the child seat, Group 0+ seats can be easily attached directly to the pushchair.

## CHILD SEATS

To ensure the safety of child passengers, Maserati and Peg Perego have developed three exclusive Child Seats. Each child seat has undergone all the required safety tests and is type-approved according to the European ECE R44/04 standard. Group 0+ and Group 1 can be easily attached to the same ISOFIX base (available separately). Group 2/3 is quick and simple to fasten to

the car seat using the car seat belt. The child seats are upholstered in a mix of dark-grey fabric and black eco-leather with light-grey stitching designed specifically for the Maserati child seats. The child seats are personalised with the Trident logo on the headrest and the name "Maserati" written on the seat belt fitting.

#### UMBRELLA

Specially designed and developed to be stored in the main compartments in the vehicle, the genuine Maserati umbrella is an accessory that will always be within hands' reach. Lightweight and sturdy, it is embellished with the Maserati logo.

#### NAVIGATION MAPS UPDATES\*

To drive efficiently, dynamically and with the best performance, the Map Updates will provide the best solution to enjoy a relaxing and comfortable navigation experience.

\* The update procedure must be performed at the Authorised Maserati Dealers Network.

#### HOT SPOT WI-FI CONNECTION MODULE\*

The Hot Spot Wi-Fi system provides wireless access to the Internet of up to three different devices at any time, also while travelling. The Ghibli may be equipped with a WLAN router to allow passengers to enjoy Internet services in the car. The following protocols are supported: HSDPA, UMTS, EDGE and GSM.

\*Check whether the vehicle can be fitted with this component.

#### FRONT AND REAR PARKING SENSORS\*

Six front Parking Sensors and four Rear Parking Sensors assure the greatest safety during manoeuvres. The system emits an acoustic signal to indicate the distance between the vehicle and any obstacle, and graphically reproduces the car and any obstacles on the multifunction display of the instrument panel.

#### REAR-VIEW PARKING CAMERA\*

The Rear-view Parking Camera, fitted next to the luggage compartment opening button, above the number plate, provides optimal view on the internal display, under any light conditions.

\*Check whether the vehicle can be fitted with this component.

#### REAR WINDOW ELECTRIC SUNSHADE\*

The Rear Window Electric Sunshade Kit filters the sunlight that enters through the rear of the vehicle, reducing heat within the passenger compartment and making every journey more comfortable. The Rear Window Sunshade can be operated by the driver using the car display or by the rear passengers using the small switch panel that also controls the rear seat heaters.

#### PRIVACY REAR WINDOW KIT\*

The Privacy Rear Window Kit emphasises the sporty character of the Ghibli and at the same time protects the passenger compartment from the sun rays, also offering increased privacy.

\*Check whether the vehicle can be fitted with this component.

Safety

Safety without compromise.

The Ghibli can be customised with a variety of Accessories based on the individual needs, without altering the high safety standards of the vehicle.

### EMERGENCY KIT

The Emergency Kit can be a useful aid in case of need. It comes in a smart case that fits perfectly into the recess on the left-hand side of the luggage compartment.

The kit consists of the following items\*:

- Safety Triangle
- Reflective Vest
- Lightsticks
- Wind-Up Torch
- First-Aid Kit
- Gloves
- Ice Scraper

\*The items in the kit may vary from country to country.

### JUMPER CABLES

In case of need, the Jumper Cables can be easily and safely connected to the battery. They come in a practical case enriched with the Maserati logo and tailor-made to be easily stored in the luggage compartment of the vehicle.

#### SNOW CHAINS

Capable of providing the greatest traction on snow-covered and icy roads, the Snow Chains specially designed for the Ghibli are "spider" type chains that can be easily installed without any risk of damage to the wheel rims.

## Tyres and Wheels

To always leave your mark.

Tyres play an essential role for attaining the high driving standards of Maserati, always focused on safety, performance and comfort. Special accessories have been designed and dedicated to wheels and tyres, to increase their functionality and at the same time emphasise the unmistakable style of the House of the Trident.

## COMPLETE WHEELS AND TYRES

Aesthetically appealing, the Maserati Wheel Rims bring out the best in the blend of technology and design. They are available in different sizes and designs, to enhance the sporty and/or stylish character of your vehicle. The Complete Summer and Winter Tyres comprise Genuine Maserati Wheel Rims and MGT branded Tyres. All the wheels and rims come already balanced, ready to be fitted to the vehicle and equipped with the special wheel hubcaps and TPMS sensors.

## MASERATI GENUINE TYRES (MGT)

The summer and winter Tyres specially designed for the Ghibli have been developed with the aim of providing optimal control and precision while driving, also when the Ghibli has to express its highest performance levels. The Ghibli tyres are identified by the "MGT" (Maserati Genuine Tyres) marking, which stands for best comfort, safety and long-life on dry as well as wet road surfaces.

## BRAKE CALIPERS

The Maserati Brake Calipers strongly characterise the car look. Clearly visible through the wheel rims, they are available in a number of different colours.

#### BRANDED VALVE COVERS

A combination of strength and elegance, the splendid Ghibli wheel rims mix tradition and fashion with the Trident logo on the spokes. A unique design, where even the finest details are brought out thanks to the lightweight, rustproof valve covers which are resistant to all weather conditions, with the Trident logo embossed on the cap.

#### SECURITY STUD BOLT KIT

The special Security Stud Bolts, specially conceived for the Ghibli, protect the vehicle against the risk of wheel theft, as the wheel rims may be fitted and removed only using the special wrench provided in the kit. The bolt head has been specifically designed to offer the greatest safety, at the same time preserving the aesthetic features of the genuine stud bolts.
